## EuPIA Annual Conference on 31st March and 1st April 2022 - virtual meeting

### To all EuPIA members

Dear members,

We hoped to welcome you all and meet you in person at the EuPIA Annual Conference in 2022.

However, due to the persisting uncertainty resulting from the Corona pandemic regarding meeting and travel conditions, the EuPIA Council decided to conduct the Conference - once again - virtually, with a very attractive programme and excellent speakers.

**The virtual conference will be held in the afternoon of 31st March, and the morning of 1st April. Please pencil these dates in your calendars.**

Please note that participation in the virtual conference will be free of charge to members. In addition to the programme, we again plan to have a session where you will be offered answers to questions and comments related to the overall work of EuPIA. For this session we will request your feedback in advance of the conference.

Early next year, you will receive the full programme of the conference and further details.

In the meantime, we wish you a peaceful Christmas time, and all the best for the coming year.
